# Ducted Gas Heating

## Make and model comparison – 2019

\*Star rating equivalent. Based on Australian Gas Association's results calculated in accordance with the testing methodology in AS/NZS5263.1.6:2016.

Note: With the exception of the three Braemar models which are star rating equivalents (based on Australian Gas Association (AGA) calculated test results), this star rating comparison was prepared from source information which is in the public domain, listed in the AGA product directory – December 2018 and also on its web site - [www.aga.asn.au/product\\_directory](http://www.aga.asn.au/product_directory). Ducted gas heating products listed pages 60-66. Extra air models not shown. LPG models not shown. Where star rating is the same for internal and external - only one model is quoted. Correct at date of printing February, 2019. Cat No M394 REV D (0219) CMSI
